DEMETRIA'S SELECTIONS

CHAMPAGNE!

Chardonnay/Pinot Noir, Pierre Paillard 'Les Terres Roses' Extra Brut, Champagne NV .. 232

You do not need a celebration to drink Champagne, but you cannot celebrate without it! Coming from a family with over 200 years of winemaking history, brothers Quentin and Antoine Paillard are 8th generation growers coming from a sommelier favorite and Grand Cru village of Bouzy in the Montagne de Reims. Although the wine is made in a region known for excellent Pinot Noir, the blend is more than half Chardonnay. This rosé uses a dash of red wine to add structure and color, while the wine maintains a freshness and expressive bright fruit.

Perfect as an aperitif, amazing with your entree's, and excellent for dessert.

SAKE!

Nakase Shinsenbon, Fukucho Seaside Junmai Sparkling Sake Hattanso, Japan (500ml) .. 39/74

Junmai grade Sake made from Nakase Shinsenbon in Hiroshima. The brewery was founded in 1868 and Miho Imada acts as both the master brewer and owner, and is credited with inspiring the growth of female Toji's in Japan. Miho has revived a local heirloom rice that was out of use for hundreds of years, has begun experimenting with brewing sake using white koji, and even created her own hybrid yeast starter. Thanks to the use of white koji and being made in the style of pet-nat with a secondary fermentation in the bottle, this sake leads with fresh citrus notes with a tropical nose and a fun spritz.

WHITE!

Chardonnay, Domaine Rémi Jobard 'Vielles Vigne' Cote d'Or Bourgogne, France 2020 .. 115

When I think of recent vintages in Burgundy and which ones I'm the most fond of, 2020 is at the top of the list for me – small but difficult, and as a result powerful vintage. The son of Charles Jobard and nephew to Antoine Jobard, the family's affinity for Burgundy shows more and more year after year. Sourced from vines over 40 years old from 6 different parcels throughout Meursault, and aged in everything from steel to new and old oak barrels. The domain has not used pesticides or herbicides since 1994, but became organically certified in 2011.
